

RACE REPORT

5/12/09

Just a reminder, We are off to Ridgecrest this weekend! This course is a lot of fun with some fast areas. The desert in this area is beautiful this time of the year as it is a higher elevation than Barstow and usually still has color left from the spring growth. It is a really good time and we would like to see you there.

Check out the MDR website www.mdrracing.com for more maps and information. We will be heading out on Friday, trying to get a lap of pre-run in prior to the race on Saturday morning.

Rumor has it that a Class 12 car is going to attempt to nerf us???

Race on!
