

RACE FOR THE “AGED-OUT” FOSTER KIDS

Saturday, September 26th @ the MDR Lucerne 250 race

Support our chosen charity INSPIRE by pledging as little as 25 cents a mile (or more if you like.) for each mile we complete at the next MDR Lucerne race. Our challenge is to finish all four 43-mile laps for a total of 173 miles. That would be a mere \$43.25 donation by you directly to INSPIRE.

Inspire Life Skills Training, Inc. is a nonprofit 501(c)(3) organization that provides housing assistance, life skills training, and education and employment support for **youth aging-out of the foster care system**. Participants in the program live independently, participate in individual and group life skills instruction, and receive counseling, healthcare access and mentoring. All programs are designed to assist the youth in achieving emancipation, education and employment goals. The program focuses on **reducing the statistics that say 70% of the kids become homeless and 25% become incarcerated** and increase the statistics that say **only 6% attend college and 2% receive degrees**.
